**SUBJECT: Provision of CIA Organization and  
Functions Statement to IAC Agencies**

**REFERENCES:**

**Problem:**

To provide the IAC agencies with a sufficiently full and official statement of CIA organization and functions so that the cooperative efforts of the agencies may be based on mutual understanding and the DCI's duties respecting coordination more easily performed.

**Discussion:**

The IAC agencies have repeatedly requested information on CIA's detailed organization and components' functions. They desire this information to educate their personnel so that either joint enterprises or use of CIA services of common concern may be based on an accurate understanding of CIA's operation.

To date CIA has responded by inviting limited IAC participation in quarterly orientation courses or by holding special briefings for a limited number of high-level personnel.

**Conclusion:**

The cooperative efforts of the IAC agencies with CIA and Director's duties respecting coordination would be enhanced were the agencies informed fully and officially as to CIA's organization and functions.

**Recommendation:**

That the DCI approve distribution of referenced regulations (in single copy, not to be reproduced) to the chief of each IAC agency, to be help personally by such chiefs for briefing cleared personnel.
